INT. BRIDGER'S OFFICE - DAY

CU on computer screen of interrogation room with Binary Bits sitting at the table as Kensington looms over her with Dunham off to the side observing.

KENSINGTON

You're not out of the woods... yet.

Kensington takes what looks to be a small cylindrical item out of the paper bag she found in the library and places it on the table.

KENSINGTON (CONT'D)

This... explains nothing.

BINARY BITS

(in obvious disgust)

Damn! I knew you were bluffing.

Kensington & Dunham eye each other for a moment as Dunham shifts his weight from one foot to the other.

KENSINGTON

(back towards Binary Bits)

Explain again your connection to East/West Gate Tribe and the involvement of the Russians and Chinese.

Binary Bits is as silent and still as roadkill.

DUNHAM

(shifting his weight again)

Uh. I don't think she ever did.

ZOOM/CUT IN CLOSER on the screen.

"High Roller" by Crystal Method starts to play under.

Binary Bits is seated with Dunham looming. Kensington is off to the side observing.

BINARY BITS

I don't know why you even bother. Stripping me clean of my bits and pieces will get you nowhere. You're all washed up.

Dunham cricks his neck nervously.

DUNHAM  
(shifting his weight)  
Uh... We know about the breaching.

BINARY BITS  
You mean you're reaching. You know  
nothing.

KENSINGTON  
Enough with the charades. We know  
about the watchlist.

Dunham motions with his hand for Kensington to stop.

DUNHAM  
You're... uh... gonna fry like bacon  
bits if you don't tell us who you're  
targeting. Do you understand?

BINARY BITS  
Uh... yes, targeting...

CUT TO XCU of Bridger... ZOOM OUT to show Bridger looking at  
computer screen.

BRIDGER  
John Doe, where did you go?  
You just left me with bits and pieces.
